

INDEX TO VOLUME XIII

A

- ABBOUD, M. A. (and I. A. Sabri) : The blood phosphorus in Egyptian infants, 157
 ABDEL-KHALIK, A. K. (A. M. Askar and Mohamed Ali) : The causative organisms of bronchopneumonia in infants in Egypt, 333
 Acute leptomeningitis; listerella monocytogenes infection (L. H. F. Thatcher), 285
 Administration of thyroid gland to premature babies (A. Moncrieff), 57
 ALDRIDGE, A. G. V. : Blood transfusion in dehydration in infants, 286
 ALI, MOHAMED (A. K. Abdel-Khalik and A. M. Askar) : The causative organisms of bronchopneumonia in infants in Egypt, 333
 Anaemia in an industrial district, nutritional (James H. Hutchison), 355
 Anaemia, the role of copper in iron-deficiency (James H. Hutchison), 285
 Anaemia with normal fragility of the red blood cells, congenital haemolytic (E. Schiff), 264
 Anal stenosis (W. R. F. Collis), 287
 Ascariasis in children, clinical (Cicely D. Williams), 225
 ASKAR, A. M. (A. K. Abdel-Khalik and Mohamed Ali) : The causative organisms of bronchopneumonia in infants in Egypt, 333

B

- Bilious attack, some observations on (W. W. Payne), 287
 Blood phosphorus in Egyptian infants (I. A. Sabri and M. A. Abboud), 157
 Blood transfusion in dehydration in infants (A. G. V. Aldridge), 286
 Brachial paralysis in infants and children, peripheral (J. Edgar Morison), 310
 British Paediatric Association. Proceedings of the Eleventh Annual General Meeting, 284
 Bronchopneumonia in infants in Egypt, the causative organisms of (A. K. Abdel-Khalik, A. M. Askar and Mohamed Ali), 333
 BYWATERS, E. G. L. : The Cooley syndrome in an English child, 173

C

- CAMERON, H. C. : Spontaneous resolution in haematogenous staphylococcal osteomyelitis, 285
 CAPON, NORMAN B. (and Charles Wells) : A foreign body in the kidney, 85
 Causative organisms of bronchopneumonia in infants in Egypt (A. K. Abdel-Khalik, A. M. Askar and Mohamed Ali), 333
 Chinese infants, symmetrical degeneration of the neostriatum in (W. J. C. Verhaart), 225
 Chinese methods of infant feeding and nursing (B. S. Platt and S. V. Gin), 343
 Clinical ascariasis in children (Cicely D. Williams), 235
 COCKAYNE, E. A. : Congenital pyloric stenosis in first and second cousins, 249
 COLLIS, W. R. F. : Anal stenosis, 287
 COLVER, T. : Icterus gravis neonatorum, 285
 Congenital haemolytic anaemia with normal fragility of the red blood cells (E. Schiff), 264
 Congenital mitral stenosis (C. Elaine Field), 371
 Congenital pyloric stenosis in first and second cousins (E. A. Cockayne), 249
 Congenital steatorrhoea due to pancreatic defect (Margaret H. Harper), 45

- Cooley syndrome in an English child (E. G. L. Bywaters), 173
 Copper in iron-deficiency anaemia, the role of (James H. Hutchison), 285
 COUPER, EDWARD C. ROSS (and Grace McConkey) : Otitis media and mastoiditis in infancy, 137
 Cousins, congenital pyloric stenosis in first and second (E. A. Cockayne), 249
 CRAIG, W. S. : Intracranial haemorrhage in the newborn, 89
 Cranio-carpo-tarsal dystrophy (E. A. Freeman and J. H. Sheldon), 277
 CRAWFORD, THEODORE : A standard intravenous glucose tolerance test, 69
 Cyst of the spinal canal successfully treated by operation, hydatid (J. S. Y. Rogers and G. R. Tudhope), 269

D

- Dacryoadenitis : its occurrence in children and its clinical aspect (R. C. Lightwood), 286
 Dehydration in infants, blood transfusion in (A. G. V. Aldridge), 286
 Determination of glucose tolerance (C. W. Ross), 289
 DEVINE, JOHN : A case of diabetes mellitus in a young infant, 189
 Diabetes mellitus in a young infant (John Devine), 189
 Diagnosis of hypertrophic stenosis, radiology in the (Leonard Findlay), 145

E

- EBBS, J. H. : Oesophagitis in infancy, 211
 Egypt, nutritional oedema in children in (H. Shukry), M. A. Mahdi and A. A. El Gholmy), 254
 Egypt, the causative organisms of bronchopneumonia in infants in (A. K. Abdel-Khalik, A. M. Askar and Mohamed Ali), 333
 Egyptian infants, the blood phosphorus in (I. A. Sabri and M. A. Abboud), 157
 Embryoma, 'Wilms' (Ruby O. Stern and G. H. Newns), 193
 Empyema (pneumococcal), pleuro-pneumonia and (Charles McNeil), 284
 English child, the Cooley syndrome in an (E. G. L. Bywaters), 173
 Extremities in an infant, gangrene of the (A. G. Watkins), 366

F

- Faecal incontinence (C. W. Vining), 287
 Feeding and nursing, Chinese methods of infant (B. S. Platt and S. V. Gin), 343
 Fever in children, undulant (D. H. Paterson and C. Hardwick), 65
 FIELD, C. ELAINE : Congenital mitral stenosis, 371
 FINDLAY, LEONARD : Radiology in the diagnosis of hypertrophic pyloric stenosis, 145
 Foreign body in the kidney (Norman B. Capon and Charles Wells), 85
 Fragility of the red blood cells, congenital haemolytic anaemia with normal (E. Schiff), 264
 FREEMAN, E. A. (and J. H. Sheldon) : Cranio-carpo-tarsal dystrophy, 277

G

- Gangrene of the extremities in an infant (A. G. Watkins), 366
 GHOLMY, A. A. EL, (H. Shukry and M. A. Mahdi) : Nutritional oedema in children in Egypt, 354

- GIN, S. V. (and B. S. Platt) : Chinese methods of infant feeding and nursing, 343
 Glucose tolerance test, a standard intravenous (Theodore Crawford), 69
 Glucose tolerance, the determination of (C. W. Ross), 289
 GORDON, R. G. (and J. A. Fraser Roberts) : Paraplegia and mongolism in twins, 79
 GRAHAM, GEORGE (and W. G. Oakley) : The treatment of renal rickets, 1

H

- Haemolytic anaemia with normal fragility of the red blood cells, congenital (E. Schiff), 264
 Haemorrhage in children, spontaneous subarachnoid (H. C. Miller), 258
 Haemorrhage in the new-born, intracranial (W. S. Craig), 89
 HARDWICK, C. (and D. H. Paterson) : Undulant fever in children, 65
 HARPER, MARGARET H. : Congenital steatorrhoea due to pancreatic defect, 45
 HICKMANS, EVELYN M. (and J. D. Keith) : Vitamin C excretion in children, with particular reference to rheumatic fever, 125
 HUTCHISON, JAMES H. : The role of copper in iron-deficiency anaemia, 285—Nutritional anaemia in an industrial district, 355
 Hydatid cyst of the spinal canal successfully treated by operation (J. S. Y. Rogers and G. R. Tudhope), 269

I

- Icterus gravis neonatorum (T. Colver), 285
 Incidence of rickets in a large municipal hospital (N. Morris), 287
 Incontinence, faecal (C. W. Vining), 287
 Industrial district, nutritional anaemia in an (James H. Hutchison), 355
 Infancy, otitis media and mastoiditis in (Grace McConkey and Edward C. Ross Couper), 137
 Infant, a case of diabetes mellitus in a young (John Devine), 189
 Infant feeding and nursing, Chinese methods of (B. S. Platt and S. V. Gin), 343
 Intracranial haemorrhage in the new-born (W. S. Craig), 89
 Intravenous glucose tolerance test, a standard (Theodore Crawford), 69
 Iron-deficiency anaemia, the role of copper in (James H. Hutchison), 285

K

- KEITH, J. D. (and Evelyn M. Hickmans) : Vitamin C excretion in children, with particular reference to rheumatic fever, 125
 Kidney, a foreign body in the (Norman B. Capon and Charles Wells), 85

L

- LAPAGE, C. PAGET : A note on the treatment of thread worms, 285
 Leptomenigitis; listerella monocytogenes infection acute (L. H. F. Thatcher), 285
 LIGHTWOOD, R. C. : Dacryoadenitis: its occurrence in children and its clinical aspect, 286
 Listerella monocytogenes infection, acute leptomenigitis (L. H. F. Thatcher), 285
 LLOYD, O. : Tetany in new-born, 275

M

- McCONKEY, GRACE (and Edward C. Ross Couper) : Otitis media and mastoiditis in infancy, 137
 McNEIL, CHARLES : Pleuro-pneumonia and empyema (pneumococcal), 284
 MAHDI, M. A. (and H. Shukry, A. A. El Gholmy) : Nutritional oedema in children in Egypt, 254
 Mastoiditis in infancy, otitis media and (Grace McConkey and Edward C. Ross Couper), 137
 MILLER, H. G. : Spontaneous subarachnoid haemorrhage in children, 258
 Mitral stenosis, congenital (C. Elaine Field), 371
 MONCRIEFF, ALAN : The administration of thyroid gland to premature babies, 57
 Mongolism in twins, paraplegia and (R. G. Gordon and J. A. Fraser Roberts), 79

- MORISON, J. EDGAR : Peripheral brachial paralysis in infants and children, 310
 MORRIS, N. : The incidence of rickets in a large municipal hospital, 287

N

- NEALE, A. V. : Precocious puberty, with a report on a case of pineal syndrome, 241
 Neostriatum in Chinese infants, symmetrical degeneration of the (W. J. C. Verhaart), 225
 New-born, intracranial haemorrhage in the (W. S. Craig), 89
 New-born, tetany in the (O. Lloyd), 275
 NEWS, G. H. (and Ruby O. Stern) : Wilms' embryoma, 193
 Note on the treatment of thread worms (C. Paget Lapage), 286
 Nursing, Chinese methods of infant feeding and (B. S. Platt and S. V. Gin), 343
 NUSSEY, A. M. : Osteopetrosis, 161
 Nutritional anaemia in an industrial district (James H. Hutchison), 355
 Nutritional oedema in children in Egypt (H. Shukry M. A. Mahdi and A. A. El Gholmy), 254

O

- OAKLEY, W. G. (and George Graham) : The treatment of renal rickets, 1
 Observations on bilious attack (W. W. Payne), 287
 Oedema in children in Egypt, nutritional (H. Shukry, M. A. Mahdi and A. A. El Gholmy), 254
 Oesophagitis in infancy (J. H. Ebbs), 211
 Organisms of broncho-pneumonia in infants in Egypt, the causative (A. K. Abdel-Khalik, A. M. Askar and Mohamed Ali), 333
 Osteopetrosis (A. M. Nussey), 161
 Osteomyelitis, spontaneous resolution in haematogenous staphylococcal (H. C. Cameron), 285
 Otitis media and mastoiditis in infancy (Grace McConkey and Edward C. Ross Couper), 137

P

- Paralysis in infants and children, peripheral brachial (J. Edgar Morison), 310
 Paraplegia and mongolism in twins (R. G. Gordon and J. A. Fraser Roberts), 79
 PATERSON, D. H. (and C. Hardwick) : Undulant fever in children, 65
 PAYNE, W. W. : Some observations on bilious attacks, 287
 Periarthritis nodosa with subcutaneous lesions and recovery, a case of (C. Wildred Vining), 31
 Peripheral brachial paralysis in infants and children (J. Edgar Morison), 310
 Phosphorus in Egyptian infants, blood (I. A. Sabri and M. A. Abboud), 157
 Pineal syndrome, precocious puberty, with a report on a case of (A. V. Neale), 241
 PLATT, B. A. (and S. V. Gin) : Chinese methods of infant feeding and nursing, 343
 Pleuro-pneumonia and empyema (pneumococcal) (Charles McNeil), 284
 Precocious puberty, with a report on a case of pineal syndrome (A. V. Neale), 241
 Premature babies, the administration of thyroid gland to (Alan Moncrieff), 57
 Proceedings of the Eleventh Annual General Meeting, British Paediatric Association, 284
 Puberty, with a report on a case of pineal syndrome, precocious (A. V. Neale), 241
 Pyloric stenosis in first and second cousins, congenital (E. A. Cockayne), 249
 Pyloric stenosis, radiology in the diagnosis of hypertrophic (Leonard Findlay), 145

R

- Radiology in the diagnosis of hypertrophic pyloric stenosis (Leonard Findlay), 145
 Red blood cells, congenital haemolytic anaemia with normal fragility of the (E. Schiff), 264
 Renal rickets, the treatment of (George Graham and W. G. Oakley), 1
 Rheumatic fever, vitamin C excretion in children, with particular reference to (J. D. Keith and Evelyn M. Hickmans), 125
 Rickets in a large municipal hospital, the incidence of (N. Morris), 287

- Rickets, the treatment of renal (George Graham and W. G. Oakley), 1
 ROBERTS, J. A. FRASER (and R. G. Gordon) : Paraplegia and mongolism in twins, 79
 ROGERS, J. S. Y. (and C. R. Tudhope) : Hydatid cyst of the spinal canal successfully treated by operation, 269
 Role of copper in iron-deficiency anaemia (James H. Hutchison), 285
 ROSS, C. W. : The determination of glucose tolerance, 289

S

- SABRI, I. A. (and M. A. Abboud) : The blood phosphorus in Egyptian infants, 157
 SCHIFF, E. : Congenital haemolytic anaemia with normal fragility of the red blood cells, 264
 SHELDON, J. H. (and E. A. Freeman) : Cranio-carpotarsal dystrophy, 277
 SHUKRY, H. (and M. A. Mahdi, A. A. El Gholmy), Nutritional oedema in children in Egypt, 254
 Spinal canal successfully treated by operation, hydatid cyst of the (J. S. Y. Rogers and G. R. Tudhope), 269
 Spontaneous resolution in haematogenous staphylococcal osteomyelitis (H. C. Cameron), 285
 Spontaneous subarachnoid haemorrhage in children (H. G. Miller), 258
 Standard intravenous glucose tolerance test (Theodore Crawford), 69
 Staphylococcal osteomyelitis, spontaneous resolution in haematogenous (H. C. Cameron), 285
 Steatorrhoea due to pancreatic defect, congenital (Margaret H. Harper), 45
 Stenosis, anal (W. R. F. Collis), 287
 STERN, RUBY O. (and G. H. Newns) : Wilms' embryoma, 193
 Subarachnoid haemorrhage in children, spontaneous (H. G. Miller), 258
 Symmetrical degeneration of the neostriatum in Chinese infants (W. J. C. Verhaart), 225

T

- Tetany in the new-born (O. Lloyd), 275

- THATCHER, L. H. F. : Acute leptomenigitis ; listerella monocytogenes infection, 285
 Thread worms, a note on the treatment of (C. Paget Lapage), 286
 Thyroid gland to premature babies, the administration of (Alan Moncrieff), 57
 Tolerance, the determination of glucose (C. W. Ross), 289
 Transfusion in dehydration in infants, blood (A. G. V. Aldridge), 286
 Treatment of renal rickets (George Graham and W. G. Oakley), 1
 Treatment of thread worms, a note on the (C. Paget Lapage), 286
 TUDHOPE, G. R. (and J. S. Y. Rogers) : Hydatid cyst of the spinal canal successfully treated by operation, 269
 Twins, paraplegia and mongolism in (R. G. Gordon and J. A. Fraser Roberts), 79

U

- Undulant fever in children (D. H. Paterson and C. Hardwick), 65

V

- VERHAART, W. J. C. : Symmetrical degeneration of the neostriatum in Chinese infants, 225
 VINING, C. WILFRED : A case of periarthritis nodosa with subcutaneous lesions and recovery, 31—Faecal incontinence, 287
 Vitamin C excretion in children, with particular reference to rheumatic fever (J. D. Keith and Evelyn M. Hickmans), 125

W

- WATKINS, A. G. : Gangrene of the extremities in an infant, 366
 WELLS, CHARLES (and Norman B. Capon) : a foreign body in the kidney, 85
 WILLIAMS, CICELY D. : Clinical ascariasis in children, 235
 Wilms' embryoma (Ruby O. Stern) and G. H. Newns), 193
